

MOHAMMED GHALY

BACKEND DEVELOPER

📍 Egypt, Cairo | ☎ +201009863469 | ✉ mohammed-ghaly@outlook.com

Summary	Backend Developer with extensive expertise in Node.js , specializing in building efficient, scalable, and reliable server-side applications. Proficient in both SQL (MySQL) and NoSQL (MongoDB) databases, with strong experience in API development, system architecture, and database optimization. Proven track record delivering robust backend solutions through freelance projects, ensuring high performance and seamless integration with frontend systems. Passionate about writing clean, maintainable code and solving complex technical challenges.		
Skills	Programming • Node.js (express.js) • Restfull API • Sql (MySQL) • NoSql (MongoDB) • React.js • TailwindCSS • Vite • HTML • CSS • OOP • Linux • Cyber Security • Penetration Testing Programming Languages • Javascript • Rust • C/C++ • Python Tools & Envirenoment • AI-Powered Development: Leverage ChatGPT and Claude for code optimization, debugging, and learning new technologies to boost productivity and development efficiency. • Linux Daily Driver: Long-time Linux user with strong command-line proficiency and system administration skills, having transitioned from Windows years ago. • Neovim Power User: Use Neovim as primary editor with custom configurations for efficient, keyboard-driven development and terminal-based workflows.		
Projects	Auth System Github Link • Authentication system with Node.js and Express.js, supporting OAuth and role-based access control. Pharmacy Platform Github Link • Modular Node.js monorepo using TypeScript with microservices-inspired architecture. Implements shared infrastructure, domain-driven design, and clean separation of concerns for maintainability and scalability. Rust Markdown Github Link • Markdown editor built with Rust and eGUI, featuring live preview, syntax highlighting, and file management. Rust Opengl Github Link • A minimal Rust + OpenGL project that renders textured 3D cubes with camera controls and shader support.		
Education	College of Arts Graduated: June, 2017		

ACTIVITIES	School Activities • Regularly participated in school events, including organizing sports activities and festivals, developing strong leadership and teamwork skills.
